PROFESSIONAL SUMMARY

B.Sc. IT (Honours) graduate (2024) with a **CGPA of 8.2** and **First Class with Distinction**, with hands-on skills in Python, Java, C++, Excel and AI-assisted data analysis. Completed three industry job simulations in GenAI analytics, cybersecurity (IAM) and proposal writing. Fluent in English and Hindi, detail-oriented, and eager to contribute to a data, IT support or analyst role.

SKILLS

Programming: Python, Java, C, C++, HTML5, CSS3, SQL and DBMS

Data & Tools: Microsoft Excel (pivot tables, VLOOKUP, data cleaning), exploratory data analysis, business reporting, Google Workspace

AI & Security: Generative AI tools, prompt writing, predictive risk modelling, Identity and Access Management (IAM) fundamentals

Professional: Written and verbal communication, proofreading, attention to detail, time management, quick learner

PROJECTS & JOB SIMULATIONS

GenAI-Powered Data Analytics – Tata (Forage) Oct 2026

- Performed exploratory data analysis and risk profiling on loan data to find delinquency patterns.
- Used AI tools to predict loan delinquency and built a business report with a collections strategy.

Cybersecurity Analyst – Tata (Forage) Oct 2026

- Learned Identity and Access Management (IAM) fundamentals, assessed access risks and designed an IAM solution for a business scenario.

GenAI for Proposal Generation – EAB (Forage) Oct 2026

- Used GenAI to draft and refine a hypothesis-based proposal with structured, clear writing.

Personal Portfolio Website (HTML, CSS) College project

- Built a responsive website with navigation links and a login page.

EDUCATION

B.Sc. Information Technology (Honours) 2021 – 2024

Dr. Shyama Prasad Mukherjee University, Ranchi

- **CGPA 8.2/10**, First Class with Distinction; 77.44% in Honours subjects; scored 90/100 in the final-semester IT project practical.
- Coursework: Data Structures, Operating Systems, DBMS, Java, Web Technology, Data Mining and Warehousing, Software Engineering.

CERTIFICATIONS

- Microsoft Excel course – Coursera
- Forage Job Simulations (Tata GenAI Data Analytics, Tata Cybersecurity Analyst, EAB GenAI Proposal Generation), 2026
